## How to meet his future needs... now!

by the hostess.

Just now, you may be confident that you will have the money for the education of your children. But who can prophesy what your situation will be in the 1970's? The answer is: You do not

have to be a prophet. The Metropolitan Life Insurance Company has a new, flexible plan which can help you guarantee your children's future. It is called the Education-Estate Builder. and if you have young children, it can help to solve many of your future financial problems) The Education-Estate Builder works this way:

You take out insurance on the life of your son or daughter which provides, say, \$1,000 a year for each of the four years of college. Then, when your child is ready for college, the money for Fund may thus become a \$20,000 life

college will be ready, too!

On the other hand, if the money is not needed for college or some other purpose, then each \$1,000 of the Education insurance will become \$5,000 of Limited Payment Life insurance for the same premium. The Life insurance then starts out with a cash value equal to the Educational Fund.

The Life insurance will become paid up in a limited number of years, the exact period varying according to your children's ages when the policy was taken out and when it becomes Limited Payment Life. If the decision is made to continue the insurance, no evidence of insurability as to physical condition or occupation will be required.

Under this plan, a \$4,000 Educational

insurance estate. Think how you would have liked such a nest egg at the beginning of your career!

This is a completely new Educational Plan which gives greater flexibility in planning your children's future than ever before. It can help to guarantee funds for education, or establish a sizable Life insurance estate at an early age when cost

Your Metropolitan Representative will be glad to show you how this plan can be adapted to your particular needs. He will welcome the opportunity to prove

### **CONSTIPATED?**

#### New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels

waste from your body. To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses Colonaid's great moisturizing capacity, plus Colonaid's stretchstimulating bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy. Superior to old style bulk, salt or drug laxatives, Colonaid neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions. It's a physiological fact: Exercise tones your body! And Colonald exercises your colon to tone it against constipation, overnight! Get COLONAID, in

easy-to-take tablet form at any drug
